Description

Gertrud Harlow when first saved was totally ignorant of Scripture. She wanted right away to study God's Word and has been learning ever since.

She prepared this book to help others who desire to know more about the Bible. After graduation from University, Gertrud served in Africa as a missionary for fourteen years. Her special work there was a major part in translating the Bible into Swahili. More recently she has revised this translation and added the notes from the original Scofield Bible. In addition, she has translated 65 books into Swahili.
